

NA-SAVP5

Noctua NA-SAVP5 16x Anti-Vibration Pads

The NA-SAVP5 is a fan accessory set consisting of 16 brown NA-AVP5 anti-vibration pads for up to 2 compatible 92/80mm fans. Made from extra-soft silicone, the NA-AVP5 pads minimise the transmission of minute vibrations while maintaining full compatibility with standard fan screws and most other mounting systems. At the same time, the original brown version is ideal for adding subtle brown accents to Noctua's chromax line fans.

The NA-AVP5 anti-vibration pads are compatible with the Noctua fans listed here: NF-A9 PWM, NF-A9 PWM chromax.black swap, NF-A9 FLX, NF-A9 5V PWM, NF-A9 5V, NF-A8 PWM, NF-A8 PWM chromax.black swap, NF-A8 FLX, NF-A8 ULN, NF-A8 5V PWM, NF-A8 5V. Please note that the NA-AVP5 pads cannot be used with other fans and are not compatible with third-party fans.

Vibration dampening for lower noise emission

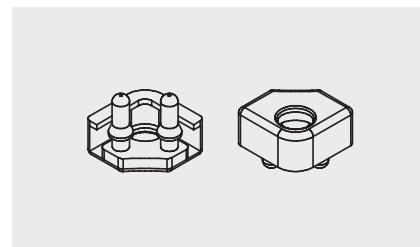

Fans can transmit minute vibrations to the PC case, CPU cooler or other devices they're installed in, which can lead to annoying resonance noises. The NA-AVP5 pads can help to reduce the transmission of structure-borne noises and thus lower your PC's overall noise level.

Extra soft and highly tear-proof

The use of premium-grade silicone makes the NA-AVP5 pads both extra soft and highly tear-proof, allowing them to combine efficient decoupling with excellent longevity and ease of use.

Compatible with many Noctua 92/80mm models

The NA-AVP5 pads are compatible with many popular Noctua 92 and 80mm fan models such as the NF-A9 and NF-A8 series. Please see our compatibility information for details.

LOGISTIC DATA

Product name

Noctua NA-SAVP5

EAN

9010018201031

UPC

841501121036

Packaging dimensions (HxWxD)

148x109x26 mm

Weight incl. packaging

58 g

Warranty

6 years

Packaging unit

40 pcs

Packaging dimensions / unit (HxWxD)

320x313x245 mm

Weight incl. packaging / unit

2.92 kg

SCOPE OF DELIVERY

16x NA-AVP5 anti-vibration pads
