

Performance C Series

Intel CPU Cooler I404T

Widening the Performance C CPU cooler Series, Xilence launches the I404T INTEL, a compact but high-performance top-flow cooler for powerful multi-core processors. The cooler scores with a silent 92mm fan and an innovative fin design allowing an easier circulation of air through the reams of fins. Thus, the speed of the PWM-regulated 92mm fan can be kept at an especially low level. Thanks to the heat pipes being in direct contact to the CPU, the heat transition between CPU and cooler proves to be very smooth and efficient.

Product Features

- Silent hydro bearing 92 mm PWM fan
- Four 6mm copper heat pipes for a maximum heat dissipation
- Light aluminum heat sink
- Suitable for INTEL sockets LGA 1150/1151/1155/1156/1700/1200
- Thermal Paste included

Technical Data

Sockets	LGA 1150/1151/1155/1156/1700/1200
CPU max. Watt	125W
Fan Size	92 x 92 x 25mm
Fan Speed	600-2200 ± 10% RPM
Air Flow	65.4 CFM
Fan Control	yes
Noise Level	21.8 dB (A)
Thermal Paste	included
Dimension (H/W/D)	55 x 100 x 105mm
Weight	283g

Logistical Data

Manufacturer code	I404T
Item code	XC041
EAN Barcode	4044953501180
